

SMARTSPACE COOKWARE

Saves *Space*

SmartSpace cookware not only saves space on the cooktop, it also saves space in your cupboards and fridge. SmartSpace was designed to stack neatly inside the next. The revolutionary handle is removed and stored at the click of a button and interchanged between the pots.

SmartSpace cookware can also be used to store food in your fridge and is oven safe. The clever steam venting system doubles as a seal for storing.

SmartSpace is smart cookware that fits even the most compact stoves. Round pots can waste a large portion of any cooking surface. This can be particularly frustrating in RV's, caravans, motorhomes and boats where space is limited. SmartSpace cookware makes smart use of your cooktop, cupboard, fridge and oven space.

FEATURES

- Durable drop forged 3mm aluminium walls
- Unique shape to fit on compact stoves
- Pots, lids, handle all stack inside one another for easy storage
- Pots will also stack in frypan
- Custom silicone mats for stacking and use on benchtop
